# DS-140 SMART AND EFFICIENT MAIL INSERTER

The modular mail operating system that intelligently fulfills all your mailing needs

WE VALUE YOUR MAIL

# MODULAR MAIL OPERATING SYSTEM DS-140

## SMART MAIL INSERTER FOR EXPANDING NEEDS

### ADAPT YOUR INTELLIGENT SYSTEM TO YOUR NEEDS

The modular design of the DS-140 assures you that your future needs and job requests will be fulfilled by simply adding the right module at the right time - as your company grows. All configuration additions and modifications can be completed in less than one to two hours.

### SAVE VALUABLE TIME WITH ONE FINGERTIP

The DS-140 provides a large, easy-to-use touch-screen display. This enables you to improve job adaptability and productivity. Select the Automatic Job Setup function on the display to program the processing of new jobs in seconds, saving you valuable setup time. It takes less than two minutes to change from a #10 envelope to a 6" x 9". The simplicity of the control panel enables any operator to complete the job setup process with ease.

### SECURE YOUR DOCUMENTS AND ENSURE ACCURACY

Each feeder on the DS-140 provides automatic calibration of any processed item. This document security control requires no manual setup and ensures accurate processing of all documents.

### MAKE CODIFICATION SIMPLE WITH BARCODE READING

The DS-140's barcode-reading option with the latest reading technologies ensures seamless codification of your documents now and in the future, including the ability to group documents produced by different computer applications. It also provides detailed identification files and reports to ensure that all documents have been correctly processed throughout the system.

### HANDLE HEAVY STOCK ITEMS WITH EASE

The insert feeders of the DS-140 can easily handle documents up to 5/32" in thickness, allowing you to process more kinds of brochures and booklets.

### WHY CHOOSE NEOPOST?

Neopost is a world leader in mailing and logistics solutions. Our innovative solutions bring simplicity and efficiency to your mailing process to make your business run better. **Neopost brilliantbasics** benefits provide excellence in all our offers, from products to support and services. They bring you the best in **operational efficiency, mail quality and security, budget optimization and online management**. Whether for advice or support, you enjoy our **commitment** to supply first-class service - on the phone, on site or online. Benefit from immediate response times and remote diagnosis at our call centres, and fast dispatch of service engineers when needed. ## FEATURES & BENEFITS

### OPERATIONAL EFFICIENCY

Touch screen PC control	Yes
Speed	Up to 4,500/hour
Automatic job set-up	Yes
Multiple sheet feeding	Yes
Cascade from feeders	Yes
Divert bin for documents	Yes
Job memory	No limitation
Hand feeding	Yes
Documents feeder capacity	Up to 500
Envelopes feeder capacity	Up to 400
Fold types	C fold, Z fold, single, double parallel $\triangle Z \triangleleft$
Folding capacity	Up to 8 sheets (20 lb)
Envelope conveyor	Yes (optional)
Documents height	5.5" - 16" (140-406 mm)
Documents width	5.5" - 9" (140-228 mm)
Documents weight	16 - 32 lb
Inserts height	3" - 6" (76-152 mm)
Inserts width	5.5" - 9.5" (140-242 mm)
Inserts weight	16 lb to 5/32" (4 mm) thick
Envelopes length	6" - 10 3/8" (152-264 mm)
Envelopes height	3.5" - 6.5" (89-165 mm)
Set thickness	1/4" (6 mm)

### MAIL QUALITY & SECURITY

Accumulation before folding	Yes
Optical Mark Recognition (OMR)	Yes (optional)
Barcode Recognition (BCR)	Yes (optional)
Automatic double detection	Yes (all feeders)
Automatic document measurement	Yes (all feeders)

### BUDGET OPTIMIZATION

Mailing machine interface	Yes (optional)
Full modularity from 1 to 17 feeders	Yes

## SYSTEM SPECIFICATIONS

<b>Base</b> (based on a 4 modules configuration, ask for detailed footprint drawing based on your configuration)	
Length x Height x Depth	130" x 59" x 21"
Weight	715 lbs
